

# WHO LOVES YA, BABY?

Debra Boronski, President, Massachusetts Chamber of Business & Industry

You may not realize it, but the Massachusetts Chamber of Business & Industry has been working hard on your behalf for more than a year and a half now. We've been advocating for businesses and business owners on Beacon Hill. Our lobbying efforts have included pushing for an increase to the cap on small claims to allow businesses to collect debts without racking up big legal fees and court costs, and seeking changes in state procurement laws to favor Massachusetts businesses. We've also served as an information source for our members, helping Massachusetts businesses get ahead in tough economic times.

We think it's time you met us and learned more about what we're up to and what we're doing. We want you to consider becoming a member. Once you have a better idea of what we're all about, that won't be a hard sell.

In the near future, you're going to receive an invitation to a meet-and-greet event in Springfield. We'll have a great speaker in Mike Dreese, founder and owner of Newbury Comics. He knows a lot about finding ways to grow and succeed. And we'll be there to chat and tell you face-to-face exactly what we're up to.

Save the date. You owe it to yourself and your business to find out about what we can accomplish together.
